MAY IT PLEASE YOUR EXCELLENCY:

OTTAWA, 23rd February, 1870.

To the Hon. S. L. Tilley, C. B.,

Minister of Customs,

&c., &c., &c.

Sir,—I have the honor to lay before you the Trade and Navigation Tables of the Dominion of Canada for the Fiscal Year ending the 30th June last, as deduced and condensed from the Returns transmitted to this Department from 181 Ports of Entry, in which Returns are comprised those of 72 sub-Ports and minor out-Stations.

The Returns from the lower Ports having been sent in, generally, with more regularity and completeness than in 1868, the Tables now submitted for 1868-9 were prepared and ready for the press nine months earlier than the year previous; and it is hoped that the increasing familiarity of the public officers of those Ports, with the forms and the matter of the Official Returns called for, will enable the Department hereafter to lay before you the Statements of the Commerce and Shipping of the country at a still earlier day after the expiration of the Fiscal Year.

In the Tables of 1867-8, it was found expedient to combine together, as theretofore, the trade of the Provinces of Quebec and Ontario; but the present Tables exhibit, separately, the trade of each of the Provinces composing the Dominion, an arrangement which, besides the advantage which it possesses of giving the specific commercial statistics of the respective Provinces with regard to Imports, Exports and Shipping, affords the readiest means of detecting and correcting any errors of fact or calculation that may occur in the combination of such a multitude of facts and figures.

The Trade of the several Provinces is combined in summary and comparative statements, in which will be found aggregated the Imports, Exports and Shipping of the whole Dominion.

The Comparative Statement No. 12, p. 346, shows a falling off in the value of goods Entered for Consumption to the amount of $4,583,136, the figures being as follows:

In 1867-8	Value—	$71,985,306
1868-9	"	67,402,170

This amount is made up as follows:

1st.	Deficiency in Dutiable Goods	$2,586,354
2nd.	" Free Goods	1,346,991
3rd.	" Coin and Bullion	647,918
5th.	" Foreign Reprints of British Copy-rights	1,873
		$4,583,136

The articles subject to *ad valorem* duties, upon which the largest amounts of deficiency are observable as regards the value of importations, are the following, viz:

Woollens—imported in 1868-9—less than in 1867-8				Value	$944,779
Manufactures of Leather	"	"	"		160,702
Linen,	"	"	"		87,208
Leather,	"	"	"		87,612
Sole and Upper Leather,	"	"	"		86,208
Small wares,	"	"	"		80,773
Paper and Paper Hangings,		"	"		33,026
Silks, Velvets, &c.,		"	"		32,230
Unenumerated Articles,		"	"		74,218
					$1,586,756

Representing duties to the amount of $244,910.15.

The Importations of Tea, Sugar, Cane Juice, and Wines in 1868-9, also fell short of the Importations of the preceding year, as follows:

				Value.	Duty.
Tea	Decrease in 1868-69...	Lbs.—	914,025	$202,458	$26,934
Sugar...	" "	"	375,844	238,375	Increase, 58,549
Wine....	" "	Galls.—	75,219	161,859	17,134

The Returns show a falling off also in the importation of Spirits of all kinds and manufactured Tobacco, the former to the extent of 34 per cent., the latter to about 27 per cent.

The Quantities of each class of these articles Entered for Consumption and the duties collected thereon were in the years stated as follows:

	Spirits of all kinds.			*Tobacco and Snuff.*		
1867-8—	Galls. 1,538,541—	Duty	$1,135,782.	Lbs. 1,390,646—	Duty	$105,814
1868-9—	" 1,015,607	"	812,883.	Lbs. 500,669—	"	78,678
Less in 1869	Galls. 522,934		$322,899	Lbs. 889,977		$27,139

The general decrease in Revenue is also in part accounted for by the exemption of Indian Corn from duty under an Order of Council of 24th January, 1868, and the repeal of the duties on Flour and Meal in the same year.

In 1867-8—	Duty collected on	Indian Corn		$97,940
"	" "	Flour and Meal		39,775
				137,679
1868-9	" "	Indian Corn		2,241
Loss by change in the law				$135,438

Brought forward	$135,438

Add to this—Deficiencies referred to above, viz:

On Spirits,	322,899
On Tobacco,...	27,136
On Woollens and the other articles hereinbefore mentioned	244,910
Showing an aggregate falling off on the goods named,	$730,383

As a set off against the decrease here shown, an aggregate increase of Revenue amounting to $225,319 is found to have taken place on the importation in 1868-9 over 1867-8, of the following articles, viz:

Cottons, Malt, Meats, Ale and Beer, Fancy Goods, Stained Window Glass, Hats, Caps and Bonnets, Locomotive Engines and R. R. Cars, manufactures of Caoutchouc and India Rubber, manufactures of Fur, Machinery, Rectified Oils, Printed Books, and Iron.

Table No. 12, giving a comparative view of the Commerce of the Dominion as represented by the value of its Imports and Exports, shows an increase in the Exports of upwards of $2,906,893, the exact figures being for :—

1868-9	$60,474,781
1867-8	57,567,888
Increase in 1868-9	2,906,893

This increase is found in the Export of Articles under the following general heads :—

1. Produce of the Mine.
2. " the Forest.
3. Animals and their produce.
4. Manufactures and Ships built at Quebec.

The Exports of the produce of the Fisheries and of Agricultural products, show a small decrease. The whole trade in Imports and Exports as appears by the Returns now submitted, presents an aggregate amount of $127,876,951. In this computation I have taken the value of the Goods entered for Consumption, and not the value as shown by the column of general Imports, which there is reason to believe gives an exaggerated figure, owing to the fact that importations removed from a first Port of Entry to be Warehoused at another, have in some instances been erroneously treated as Importations at the latter Port, after having been entered as such at the former, a duplication which has been guarded against for the future.

The whole humbly submitted,

R. S. M. Bouchette,
Commissioner of Customs.

Ottawa, 23rd February, 1870.
